The M-Engin Academy is designed to maximize your academic, personal, and professional success at the University of Michigan. The staff of the M-Engin Academy will partner with you to help you achieve your goals and provide programs and services for you so that you will be able to fully experience the scope, scholarship, and scale of the University.

In order to receive the most benefit as an M-Engin Academy participant, you will be required to fulfill certain program obligations during your first two years as a College of Engineering student. Your full participation in all of the requirements will earn you $2500 - $3000; $1000-$1500 (depending on program format) paid at the completion of the Summer Transition Program, $750 paid at the end of Fall Term 2021, and $750 paid at the end of Winter Term 2022. In addition, we will assist you in gaining either a corporate internship, a paid research opportunity, or employment with the M-Engin Academy Summer Program during the summer of 2022.

To accept our offer of admission to the M-Engin Academy and confirm your understanding of the program obligations, we ask that you read and sign the following agreement.

I recognize that as an M-Engin Academy participant, I will be required to fulfill the following obligations:

(If the Summer Transition Program changes to an online format, the dates of the program and some of the expectations will be changed accordingly. You will not be asked to commit to the program until all of the expectations and time commitments are fully detailed.)

- I will participate fully in the M-STEM Academies Orientation June 26 and the M-Engin Summer Transition Program June 27 – August 7. I will adhere to the guidelines of the program as outlined in the M-Engin Academy Summer Transition Program Handbook. These include:
  - Participants must remain on North Campus, within defined campus boundaries, for the duration of the program with the exception of the optional weekend home (July 23 – 25). NO EXCEPTIONS.
  - Participants are not allowed to have a motor vehicle or bicycle on campus during the Summer Transition Program.
  - Participants must attend all classes and scheduled activities of the Summer Transition Program.
  - Participants will not use cell phones or music listening devices during and between program activities.
  - Participants must be in the residence hall by 12 am nightly.
  - Participants must adhere to all guidelines of conduct within the residence hall and during program activities.
- I will reside in Bursley Residence Hall during my first year.
- I will attend all M-Engin Cohort and Family meetings during the first two years.
- I will follow all course scheduling recommendations of M-Engin Academy staff during the first two years.
- I will work closely with M-Engin Academy staff as I plan extra-curricular or part-time employment activities during the academic year.
- I will not pledge a social fraternity or sorority during my first year.
- I will abide by all University policies (e.g. policies regarding use of illegal drugs, alcohol, etc.).
- I will participate in designated academic support activities during the first year, including regularly scheduled Supplemental Instruction sessions and Science Learning Center study groups.
- I will attend all designated personal and professional development forums during the first two years.
- I will meet with my M-Engin Academic Coach regularly during the academic year to discuss academic progress and personal and professional goals.
- I will commit my best effort to all M-Engin Academy activities.
- I will strive to maintain the integrity and standards of the M-Engin Academy.
- I will contribute my individual skills and strengths to the overall success of the M-Engin Academy community.

</table>

**Academic Expectations**

As an M-Engin Academy participant, I understand I must maintain a term and cumulative GPA of at least 3.0 to remain in good standing. Receiving lower than a 3.0 GPA will result in probation. To assist probation students in the transition to the required 3.0 GPA, there will be more frequent sessions with the academic coach and students will follow additional prescribed actions to ensure academic progress.

I acknowledge that I am signing up for the M-Engin Academy in good faith, and that I will make an honest effort to meet the obligations outlined above. I understand that not meeting the obligations can result in a review by M-Engin Academy staff regarding possible reduction or loss of the M-Engin stipend and/or possible dismissal from the program.
